- Bluetooth 1.1
- Frequency: 2.4GHz
- Serial Protocol

Radio Range

- Up to 33 ft (10 m)

Warranty

- Two year limited warranty on hardware and software.

Bluetooth is a radio technology developed to deliver short-range wireless mobility. Bluetooth technology eliminates cables, wires, and cords between devices such as your computer and input systems like eBeam. Bluetooth enables communication between devices that are in close proximity (up to 33ft) to one another. Bluetooth facilitates fast, low-powered, secure transmission of data, even when the devices are not in line-of-sight. For more information visit www.bluetooth.com.

The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Luidia, Inc. is under license.
